MODERN ARCHITECTURE INSPIRED BY AERONAUTICAL EXCELLENCE

ACE 153 boasts state-of-the-art architecture that redefines office and retail space. The business towers resemble a pair of aircraft wings, creating an elegant profile against the sky. While the glass curtain walls capture the changing colours of the sun, the aluminium accent frames enhance the elevation.

Inspired by invention and advancement, the towers offer an unmatched view of the outside world while maintaining a soaring interior space. The entire development depicts futuristic, enigmatic, and emotive architecture.

STYLISH GLASS FACADE FOR A DAZZLING VISUAL IMPACT

The towers are designed to provide a sense of gravity and dominance by leveraging the ability of glass to bring natural light deep into the building and provide an unmatched view of the outside world. The striking design is complemented by aluminium accent frames, which add to the sophisticated appearance.

IGBC GOLD CERTIFICATION A STEP TOWARDS GREEN CITIES

The IGBC (Indian Green Building Council) is an association that promotes sustainable building practises in India. It has developed the IGBC Green Building Rating System, which provides a framework for assessing building environmental performance. The rating system covers various aspects such as site selection and planning, water efficiency, energy efficiency, material selection, indoor environmental quality and innovation.

ACE 153 has proved its commitment to energy efficiency, water conservation and indoor environmental quality by achieving this accreditation.

AN ASSET WITH A POTENTIAL OF EXPONENTIAL RETURNS

OFFICE SPACES

The unique business space design creates an efficient planning envelope with standard floor patterns tailored for optimal efficiency. The office spaces exude grandeur with lavish lobbies and glass curtain walls. Standing at the edge of the central water plaza, the Grade A twin towers offer panoramic views of the expressway and upcoming golf course.

SALIENT FEATURES

- Modern architecture redefining office space
- Lavish entrance lobbies
- Glass curtain walls
- Standard floor patterns customisable for efficiency
